You will see this page all school year. Each book has 5 stories.

Libritos de vocabulario

If you click the icon where the orange circle is, you go to the table of contents in the book. If you click on the purple circle, you can see the spread of the whole page, rather than just 1 page at a time.

These are leveled books. The *libritos de vocabulario* are vocab books and are the most basic. The Circle is also pretty easy. Both are great for beginning-midyear first grade. The Triangle is a little more difficult, the Square is hardest. This is also for the whole year, just under one of those shapes.

This is where you can find the story. Click on the story descriptor that is under the name of the story.

The leveled readers coincide with the main story of the week. Click on the lesson we are studying to read the story.
